ARE STILL OPPOSED.

To Construction of Italian Catholic Church in Rutland.

Rutland, April 7.—The opposition of the pastors of the English and French speaking Catholic congregations of this city to the building of the proposed church for Italian Catholics on Columbus avenue here has by no means subsided. Perhaps it would be more accurate to say they are convinced that there is no prospect that the church will be ever built, rather than that they are opposed to its erection. The Rev. J. M. Brown of St. Peter's church is more outspoken than the other pastors in the matter. He told his congregational on Sunday that he was so sure that the affair would be a fiasco that he considered it his duty to warn his people not to put their money into it. He referred to Father Crociata, the Italian rector, as an adventurer, and reiterated his former charge that the Italians were giving scarcely anything themselves and were depending upon the other Catholics of the city to build the church for them.

It has been learned from other sources that the older Catholic congregations in Rutland accuse the Italians, not only of being poor givers, but of being indifferent Catholics. It is charged that out of the 800 or more Italians in Rutland only a very small number are ever seen at church.

A count was made of the attendance at the Church of Our Mother of Sorrows on Sunday. There were 17 persons at one mass and 33 at the other, a total attendance of 50. The question is asked how Father Crociata expects to build an expensive church with a congregation of that size.

BOMB OUTRAGE IN NEW YORK.

Attempt Made to Destroy White Star Construction.

New York, April 7.—Efforts to destroy the pier and equipment used by the McClintock-Marshall Construction Company in constructing a new pier for the White Star Line at West Seventeenth street, were made Sunday night. Two bombs were exploded with little effect, although the force of the explosion roused thousands from sleep and drew a large crowd to the place. The bombs were placed at the west side of the pier. A hustling boiler and a big locomotive crane, which was in use on a temporary track on the pier, were demolished. There was no one near the place when the explosion occurred, and no one was injured. A tug was alongside the pier and several men were on board, but the tug was not damaged.

NEW PURCHASE

Of Wash Goods at but two-thirds of former prices.

A beautiful assortment of Arnold Batiste in very desirable checks. This is a finer material than gingham, more like Persian lawn with colored checks.

If the Arnold Print Works had not been forced into a receiver's hands last November these goods would now be 18 and 20c instead of 12 1-2c, as advertised. (These goods will not remain very long under that price.)

19-inch Navy Taffeta, one of Passavant's best 75c Taffetas, bought so that with a very small margin we are to sell it at only 59c per yard.

SILK TISSUES

There is always a good demand for Silk Tissues for evening and graduation dresses. These come in new styles and colorings and have started selling earlier than last season. The price is but 25c per yard.

For cheaper dresses we have a very pretty lot of small figured Dimities at but 12 1-2c per yard.

Our Colored Chiffons at 15c are goods made to sell at a higher price. It's a price concession that brings them out at 15c.

SILKS

We have just received a lot of Silks that are very cheap, as the following will explain:

25-inch Black Taffeta at 87c, with green edge, is very cheap. \$1.00 would be a low price for this Silk.

Yard-wide Black Taffetas at \$1.00 have been a thing of the past. We are not getting rich on this by selling it at \$1.00.

Rajah Silks, all colors, at 75c. (Not 87c or \$1.00.)

Yard-wide Belding's Satin for linings, in all colors, at \$1.00 per yard.

MAY MEET IN MONTEPIER.

Democratic State Convention May Possibly Be an Early One, Too.

Although no call has been issued for the Democratic state convention, it is thought the convention will be held in Montpelier. It is possible that the Democrats may have the chance to hear Senator Gore of Oklahoma as John E. Osborne, a former Vermontor, has written that Senator Gore can come if the convention is held in May.

In speaking of political matters recently the Montpelier Evening Argus had the following:

"While as yet there are very few avowed candidates for delegates to the national convention, the following names have been mentioned by leading Democrats for the honors: John McDonald, and G. B. Pape of Barre; G. B. Evans of Waterbury; Walter Lyons of Rutland; John H. Donnelly of Vergennes; James E. Burke of West Rutland; Y. A. Bullard of Burlington; Elsie May of St. Johnsbury; O. M. Miller of Newport; A. A. Olmstead of Newbury.

A. J. Sibley of this city, has also been mentioned as one of the delegates at large, and Mr. Sibley would undoubtedly be elected if he permitted the use of his name, but he feels that his health will not permit him to make the trip, and is therefore not a candidate.

Y. A. Bullard of Burlington will probably head the delegation, it being the wish of many well known Democrats that he should do so.

"It seems also to be the desire in all quarters of the state to send an untruncated delegation. The sentiment for Gov. Johnson, is increasing every day, nevertheless the idea is spreading that the delegation should go unhampered by pledges."

Banking Fixtures for Sale.

As we are erecting new banking rooms and shall have new vaults and counters, we will sell at a bargain one Hall's fire proof bank safe, five feet eight inches high, four feet three inches wide and two feet two inches deep. Also banking counter, eighteen feet long, made of black cherry with drawers and cupboards, one opening. Has live-foot grille and door. Is in first class order.

If interested will give exact measurements with photograph and prices. We invite your correspondence. Springfield Savings Bank, Springfield, Vermont.
